WELDING
SERVICE

WELDZONE is the first factory to produce FCAW & GTAW torches, and accessories here in Saudi Arabia for all your requirements of welding. This will ensure our customers with high quality and timely services.

WELD ZONE is the first factory designed to meet a wide range of TIG & MIG welding needs. **WELD ZONE WZ Series** includes quality air cooled, water cooled torches and accessories for both general & specialty application. Each torch is manufactured with the finest materials to ensure highest standards of reliability, consistency and performance – no matter how critical or demanding the application. Has interchangeable parts for most brands.

WELD ZONE PRODUCTS

WELD ZONE is a Saudi German Welding Equipment Factory offering a full line of TIG and MIG Torches & Accessories for your different types of FCAW & GTAW welding machines (Air cooled & Water cooled Type). Our innovative products are designed to save money, increasing production and ensuring delivery within 24 hours time.
